

VentVolt

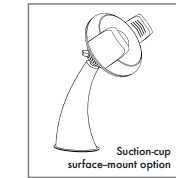

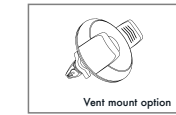

Wireless Car Charger Mount

User Manual

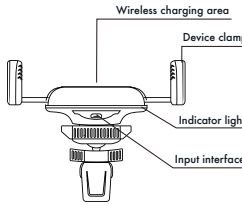

Product Introduction

NVX thanks you for purchasing the VentVolt. This wireless car charger is convenient and works amazing with most vehicle air vents. Additionally, you can use it on your desk, windshield or other smooth, flat surfaces.

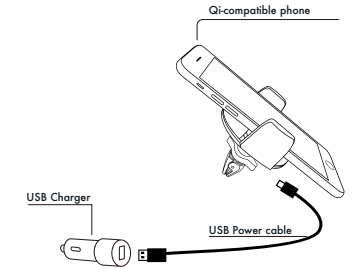

Mounting Options

Device details

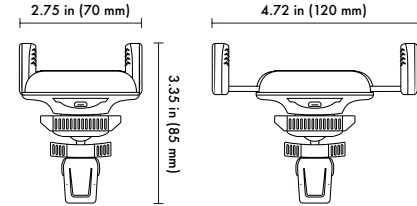

Installation and Use

Instructions

1. Clip the vent holder to the air vent or unscrew the vent connector and replace with the suction-cup mount for surface-mount option.
2. Connect the USB cable to the USB charger included or connect to another USB outlet that has at least a 1.5A output.
3. Connect your cell phone to the wireless charger clamps and allign your phone's charger inductros with the center of the VentVolt. Once charging the indiscator turns blue instead of red.
